Introduction into the topic

Bill Gates, together with his foundation has occupied a leading role in the global fight against COVID-19. He received a lot of media coverage on the traditional media and social media in the past weeks, but not all coverage is positive. An increasing amount of content that is produced around the name of Bill Gates accuses him of things like microchipping humanity to control them or being responsible for the outbreak of COVID-19.

Bill Gates wants to depopulate the world, yet wants to save lives with his vaccines. A bit of a paradox there.

But Judas Iscariot, one of his disciples (he who was about to betray him), said, "Why was this ointment not sold for three hundred denarii and given to the poor?" He said this, not because he cared about the poor, but because he was a thief, and having charge of the moneybag he used to help himself to what was put into it. John 12:4-6
